

William O'Connell

Mechatronics Engineering student with a passion for leading technical development in motorsport, aquatic/automotive innovation and intelligent systems. I've built projects such as a functional wind tunnel from scratch, showcasing strengths in electronics, prototyping and multidisciplinary engineering. I thrive in fast-paced, technical environments and bring a mix of creativity, precision and hands-on execution to every project.

January 2018 - November 2024

Achieved NCEA Level 3 with Excellence

University of Auckland, Auckland — Bachelor of Engineering, specialising in Mechatronics Engineering

March 2025 - Present

Completed first year with a GPA of 8.0

EXPERIENCE

NZ Bakery, Auckland — Front of House

January 2022 - March 2023

Handled customers transactions accurately and efficiently. Maintained a clean and organized checkout area. Provided excellent customer service, addressing enquiries and resolving issues. Assisted with stocking shelves and managing inventory

SKILLS

CAD

Aerodynamics and CFD exposure

MATLAB and C

Embedded Systems

Cross-disciplinary collaboration

AWARDS

SolveIt Finalist (2025) - An entrepreneurial group project where my team won the 'Eden Park project' using IoT for wayfinding

Proxime Accessit - Sacred Heart College (2024)

University of Auckland 140th Anniversary Scholarship, Auckland

NCEA Scholarship Award (2024)

LANGUAGES

English, Spanish (B2)

Burger Burger, Auckland — *Front of House*

January 2024 - May 2025

Greeted customers and presented menus. Took accurate food and beverage orders. Served food and beverage to guests. Addressed customer concerns and ensured satisfaction. Processed payments and managed cash. Maintained cleanliness of dining areas and service stations.

MyTuition, Auckland — *Tutor*

March 2026 - Present

Tutor students both online and in person

Cocurriculars

UOA Rocketry Club

UOA ESD

UOA Spanish society and UOA Latino society

UOA Engineering Running Club

Hobbies

Running and Gym; completed a few half marathons and the 2026 Hawkes Bay Marathon. I enjoy the challenge that comes with exercising and training. I also enjoy the learning process and seeing the improvement!

Outdoors: I enjoy camping and hiking, I really value the environment; both enjoying it and preserving it

Sports: I enjoy watching motorsports, sailing, football and cricket, as well as playing football

Music: I am an avid music enjoyer and enjoy playing the guitar in my free time.
